Making Informed Nitrogen Fertiliser Decisions on the Murray Plains

With mid-winter approaching and some useful rainfall occurring in recent weeks, nitrogen fertilisation of crops is high on the agenda for growers on the Murray Plains.

To assist with making appropriate nitrogen fertiliser decisions The Murray Plains Farmers Group is hosting a workshop at the Cambrai Sportsground. The workshop will be facilitated by Tony Craddock and Jana Dixon from Pinion Advisory and is sponsored by GRDC's RiskWi\$e program.

AGENDA		
TIME	TITLE	PRESENTER
8.30am	Welcome	
8.45am	Morning Session <ul style="list-style-type: none">Nitrogen fertilisation - key principlesEconomics of Nitrogen fertilisersWhich product? - Urea, UAN, SOAUsing Deep N soil tests to assist fertiliser decisions	Tony Craddock Manager, Ag Production & Adoption, Pinion Advisory Jana Dixon Agribusiness Consultant, Pinion Advisory
10.00am	Morning Tea	
10.15am	Morning Session continued <ul style="list-style-type: none">N decision making toolsIs it worth fertilising to achieve higher grain protein?Is more N fertiliser required given the drier seasonal forecast?	Tony Craddock Jana Dixon
12.30pm	Lunch and Close	

If you have a laptop with Microsoft excel loaded onto it, please bring it along.

WHERE AND WHEN

VENUE: Cambrai Sportsground
Sportsground Road
CAMBRAI SA 5353

WHEN: Wednesday 19th July 2023

TIME: 8.30am to 12.30pm

Morning tea and lunch included.

REGISTRATION
