Post Harvest Meeting

Review the season and plan for 2024

THE POST-HARVEST MEETING WILL FEATURE:

Darren Ray, Independent climatologist and guest weather commentator for ABC Radio

Well known for his monthly seasonal outlook on Jon Lamb's ABC Gardening show, Darren started in 2002 as a meteorologist with the Bureau of Meteorology forecasting weather and severe events, then

doing seasonal forecasting and climate change work as the head of the Bureau's South Australian climate section. Since late 2019, he now consults independently on weather, seasonal forecasting and climate change, as well as pursuing further studies in paleoclimate with the University of Adelaide, and working part-time as a climate change analyst with the State Government.

THE FINAL RESULT ... MURRAY PLAINS FARMERS TRIAL UPDATES

Tony Craddock, Pinion Advisory, will facilitate the meeting and review the season that was and what to watch in the season ahead.

Brendan Kupke, SARDI, will update results of the 'Optimal flowering period for wheat and barley' trial (time of sowing trial), located on Starkeys block on Ridley Road, as well as the GRDC National Variety Trial on Paechs block on Randell Road.

Sean Mason, Agronomy Solutions, will update on outcomes of the phosphorus variable rate trial with Mallee Sustainable Farming and what's in store for VRT in 2024.

AgXtra

Ryan Laidlaw, AgXtra, will update results for the final year of the 'Improving canola establishment in dry conditions' trial with Pinion to provide economic analysis.
